

Mrs M. W. Chapman

This will introduce
you to my C. S. Granddaughter
Harriet Ferguson, who will
be pleased to assist you in any
way she can, previous to her
tending the table, she would
like to take her trunk where
you expect her to put up,
but does not wish to stop there
until the fare commences,

I will venture to say she
will not be troublesome ~~any~~
any where, You have
only to know her to like
her better. Excuse haste
Dr Smith
